Montana's aggregation an go home with the satisfaction o mowing they escaped a frightful drub-ping and that luck was all on the side of the men from the north. As Colo-ado outclassed Utah two weeks ago, so oes Utah outclass Montana in the popu-ar college game of football.

The day was not an ideal one for football, the cold wind blowing across the gridiren chilling the players to the marrow of their bones. It sept down the crowd and only the dyed-in-the-wool football fans braved the chilly northeaster, but these made up for numbers by doing plenty of rooting. ing plenty of rooting.

was just the kind of a game that is a home crowd. After the first was just the kind of a game that suits a home crowd. After the first, five minutes' play it was merely a question of how big the score would be. Sixty yards from the Utah goal line was the nearest the visitors came to scoring and not in a single instance did the hast Benchers lose the ball on downs. In the entire fifty-five minutes' play, during which time Utah made plunge after plunge on Montana's line, there was but one single instance in which the out one single instance in which the some team was thrown back for a loss. This was Earl Bennion's attempt to get tround right end, and it cost the team ntana was held for downs on three ifferent occasions and was compelled to ick on one occasion, after losing ten ards on two downs. While five and en-yard gains were frequent on the home am play, Montana was in luck to get the ball over the five yards territory in three downs.

Luck in Favor of Visitors

Where the visitors did shine, however, Where the visitors did shine, however, was in luck. Once Bennion carried the ball over the goal line, only to lose it on a fumble. Five minutes later the ball was carried from the middle of the field to the Montana four-yard line, only to be lost again on a fumble, and five times Utah was penalized while Montana escaped without a penalty.

On one occasion the East Benchers were given ten yards for starting before the ball was in play. This occurred on the third down and, rather than take a chance of making this distance. Wade ance of making this distance, Wade lered a kick. The other four times ah was penalized for offside play, prov-g that the team at least is quick in

Visitors Weaken in Second Half.

In the second half the visitors began to weaken and frequently called for time. This helped to keep down the score, as it gave the battered players a chance to rest from Utah's charging tactics. The short halves, thirty and twenty-five minutes, were in favor of the visitors.

The local team has made a wonderful improvement since the game of two weeks ago, but still lacks the impenetrable line so necessary to a winning football aggregation. The new material on the team is still in need of coaching, when better results are bound to follow.

In yesterday's game, the star playing was all done by the older men on the team. "Fat" Robbins put up as good a game as he ever did in his life. Bennion who is still and always has been the greatest fullback that ever played on a Utah gridiron, was fully up to his usual standard. George Brown showed the spirit he exhibited three years ago and "Cudda" Russell was a feature at chd. Peterson, while the fastest man on the line and the quickest to see an opening, missed tackle after he had made opportunities to down his man behind the line. Hope probably did the best work opportunities to down his man behind the line. Hope probably did the best work of the new men. but is still far from being a finished product. Anderson, the new end, while sure in tackling, gets away too slow and Pitt has the same grievous

OLDFIELD IS BEST MAN

Beats Earl Kiser in Twe Races and Makes a New World Record.

Cleveland, Oct. 15.—Barney Oldfield won two races from Earl Kiser this afternoon on the Glenville track during the automobile meeting given by the Cleveland Driving Park company. The first race was a standing start ten-mile affair, and in this Oldfield established a new world's record, putting the mark down to 9:17 1-5 and beating Kiser by over three-quarters of a mile.

In the five-mile race, flying start, Oldfield got off in front and was never headed, winning by a quarter of a mile in 4:43 3-4. Four other races were run, but nothing sensational in fast time was

McGovern is disappointed at the turn of affairs. He yearned for another chance at his only conqueror. He and many others believe he could give the Denverite a great fight, now that he has returned to his old-time form.

PORTLAND FANS ARE

AFTER DUGDALE

Britt and Gans is 'fixed.' Britt is a sure thing proposition and would not take at chance against him. He knew there was a severe beating in store for him.

"Instead he gets to Herford and they have cooked up something to hand to the San Francisco sports. Britt knows he has no more chance against Gans than I have if matters are on the level. If that match is on the square they will have to drag Britt into the ring with a yoke of oxen or he is crazy and don't know what he is doing.

"I am through with him. The decision Graney robbed me out of he can have. I am now ready to meet all comers, and Britt ean go ahead with his fake matches in California."

New York, Oct. 15.—"Young Corbett" (William Rothwell) and Jabez White of England probably will meet within a few months for international puglistic honors. White fights at 130 pounds and is reckoned as the best fighter of his class in England.

Charles Mitchell, representing the English lad, has practically agreed to terms for the bout and only the formal signing of an agreement remains to be done. A purse of \$10,000 and a large side bet will be the prize.

It is expected the battle will take place some time in January next before the National Athletic club of London.

Portland. Oct. 15.—There are still many quirks and angles to the baseball situation in fin fact, there has been onthing but something of the sort out with the Lucas. It followed the club through last year, and has dogged with the game at the present. Manager Duydale and President Ely have undoubtedly had their differences regarding fine management of the club, and it has been the gossip in some quarters that the club president had another man he would like named as manager for the remainder of the year. Mr. Dugdale, however, has the entire support of two of the directors, and unitess there is a decided change in the situation it is highly probable that he will remain.
